Baking racks, refrigeration racks, disinfection cabinet racks, dishwasher racks, and oven racks. The protective nets for these racks.

**Sincere cooperation
mutual benefit and win-win situation**

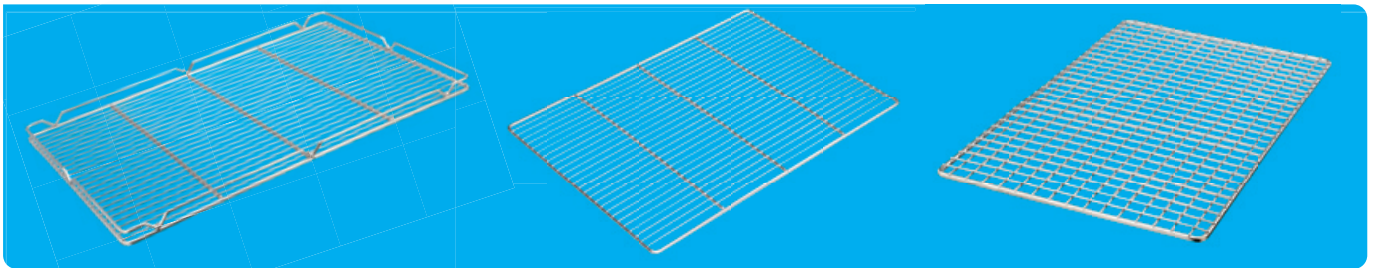

Boxing County Meixing Commercial Kitchenware Co., Ltd. is located in Hubin Town, Boxing County—known as China’s “the capital of commercial kitchen equipment” —good geographical location and convenient transportation

Spanning over 10,000 square meters, we employ a team of more than 300 people and hold a registered capital of over 8 million yuan. As a modern manufacturing enterprise, we specialize in producing a wide range of products, including baking and refrigeration equipment, disinfection cabinets, dishwashers, ovens, and grills. Our portfolio also features racks, protective nets, baskets, drying racks, and tube-fin condensers, all finished with processes like dip coating, electrophoresis, electroplating, and electrolytic polishing.

Since our founding, we have stayed true to the philosophy of “people-first, build strength from within, and project excellence outward” , while upholding the principles of “high positioning, strong foundations, and rigorous standards” . We operate a standardized, systematic management system and are home to a talented team of R&D professionals, supported by cutting-edge production equipment from both domestic and international sources. Our manufacturing processes are continuously refined to deliver high-quality, innovative products that meet evolving market needs. Thanks to our reliable quality, diverse product range, and comprehensive pre-sales, during-sales, and after-sales service, we have earned the trust and loyalty of customers nationwide.

At Meixing, we are a dynamic and growing enterprise. Guided by market demand, driven by innovation, committed to quality, and focused on sustainable growth, we are confident that by upholding the principle of “mutually beneficial cooperation” , we will continue to thrive and achieve even greater success in the future.
